Holmesglen Internal Articulation Pathways (2024)

Holmesglen has a range of approved articulations that enable students who have completed a specified VET qualification at Holmesglen to be granted credit towards specific Holmesglen degrees. The number of subject credits may vary depending on elective units successfully completed with any qualification. There is a maximum number of credit points for which exemption can be granted for each qualification. The minimum time to complete a degree is dependent on the credits received and subject availability.

If a VET course has been studied at another Registered Training Organisation the exemptions/advanced standing (subject credits) will be assessed on a case-by-case basis.
